Department of Computer Engineering
Mini Project Synopsis Report
on
GET ESCAPING

Submitted in partial fulfillment of the
requirements of the Mini-Project 1B Year of
Bachelors of Engineering

by

Mayur R. Kyatham(201P013)

Srushti S. Sawant(201P037)

Utsav G. Kuntalwad(201P049)

Prerna S. Shakwar(201P041)

Guide:

Prof. Reshma Lohar

University of Mumbai(2021 – 2022)

Certificate

This is to certify that the project synopsis entitled “**Get Escaping**” has been submitted by **Mayur R. Kyatham, Srushti S. Sawant, Utsav G. Kuntalwad, Prerna S. Shakwar** under the guidance of **Prof. Reshma Lohar** in partial fulfillment of the requirement for the award of the Degree of Bachelor of Engineering in **Computer Engineering** from University of Mumbai.

Chapter 1

Introduction

Our website get escaping numerous services related to tours and travel. We have added various features in the navbar section such as home, travel packages, gallery, contact us, our blogs, etc. The user can only book their trip only if the login into the website using their personal details. Every user can select anyone of the provided 3 plans for the trip, by viewing the tourist places that have been provided on our page. If the user finds any sort of query on our website he/she can contact to us by filling that form given in the contact us section. At the end of our website we have provided a section where the user can share their experience with us. Travel and tourism industry is a diverse sector consisting of millions of companies and employers, from the biggest global travel brands to the smallest tour operators or hostel owners. Together, we form a formidable force with a voice to be heard at the highest levels of society and government. Development of travel and tourism industry is reflected in an increasing demand of the population for an ever-increasing range of consumer goods and services from an economic and social point of view, leading to an increase in economic activity and consumption. As a consequence, this increase in tourism consumption, caused by massive seasonal movements of the population towards certain destinations of tourist interest and increasing the number of visitors, is favorable for the development of the economy of some tourist areas. It is a situation where person from one country, or region travel to other region and country for a short run period, is included in the concept of tourism. Now-a-days the tourism industry has a greater importance. India has a greater heritage of historical place like the Taj Mahal, Verious Forts, Natural sites etc. The number of foreign tourits visited to India which has given foreign exchange earning to the Country. Here, we have focused the growth and performance of the Indian tourism industry. We have also analized the causal analysis of the Indian tourism for overall development of the Indian economy.

Chapter 2

Literature Survey (1)

The Development of the Travel and Tourism industry in the World

Bogdan Sofronov, University politechnica of Bucharest, Romania, 2018.

Abstract: The purpose of this paper is to see how the travel and tourism industry is changing and its development in the world. Travel and tourism industry is one of the world's greatest industrial sectors. It drives economic growth, creates jobs, improves social development and promotes peace. Travel and tourism industry is a diverse sector consisting of millions of companies and employers, from the biggest global travel brands to the smallest tour operators or hostel owners. Together, we form a formidable force with a voice to be heard at the highest levels of society and government.

Keywords: Development, travel, tourism, industry, etc.

Introduction:

Development of travel and tourism industry is reflected in an increasing demand of the population for an ever-increasing range of consumer goods and services from an economic and social point of view, leading to an increase in economic activity and consumption. As a consequence, this increase in tourism consumption, caused by massive seasonal movements of the population towards certain destinations of tourist interest and increasing the number of visitors, is favorable for the development of the economy of some tourist areas.

The Development of the Travel and Tourism Industry:

The travel and tourism industry is one of the largest and fastest growing sectors in the world. In 2017, there were 1.322 billion international tourist arrivals and the strongest growth rate for last seven years. The travel and tourism sector accounted for 10.4% of global GDP and 313 million jobs, or 1 in 10 jobs globally in 2017. The travel and tourism sector outperformed all other major global economic sectors. Travel and tourism industry is a major contributor to international trade in services, with global visitor exports, the amount brought as a contribution by visitors to the country they visit contributes in a great manner to the economy of the country. Travel and tourism industry yields significant economic and social benefits around the world. Travel companies are adopting various technologies to improve operational efficiencies and meet customers' expectations. The trends to watch out for in the travel and tourism industry in 2018 are:

- Augmented and Virtual Reality (AR and VR)
- Artificial Intelligence (AI)
- Internet of Things (IoT)
- Voice Technology
- Wi-Fi connectivity
- Wearable devices

Cause:

The biggest risks in the travel and tourism industry at global level are related to geopolitics, terrorism, data sharing and security. These risks can have severe repercussions on the tourism industry, whose development depends directly on providing a safe travel experience.

Conclusion:

In conclusion, the travel and tourism industry is very important for most countries in the world, for the welfare of the country. Also tourism has a importance in meeting the peace and calm in this hasty-busy

world. It helps people to bring closer to the environment and helps them to know about the country's historic and geographic features.

Literature Survey (2)

Growth and Performance of Tourism Industry in India

Vijay Kumbhar, Dhananjatrao Gadgil College of Commerce, Satara, India, 2015

Abstract:

Till date little research has been done on effective tourism web sites focusing on content. Study bridges the gap by unveiling what tourists, the tourism industry and tourism academics perceive as an effective tourism web site and what features, in terms of content, they perceive important in an effective tourism web site. Two major activities in the study were a Web Based Survey and a Review of tourism web sites.

Introduction:

Tourism is an integral part of human life. It is a situation where person from one country, or region travel to other region and country for a short run period, is included in the concept of tourism. Now-a-days the tourism industry has a greater importance. India has a great heritage of historical place like the Taj Mahal, Various Forts, Natural sites etc. The number of foreign tourists visited to India which has given foreign exchange earning to the Country. Here, we have focused the growth and performance of the Indian tourism industry. We have also analyzed the causal analysis of the Indian tourism industry for overall development of the Indian economy.

Objectives:

1. Review of tourism industry of the country.
2. The growth and performance of tourism industry in India.
3. The trend of foreign tourist arrival in India.
4. The problems of tourism industry in India and suggest remedies.

Effectiveness of tourism website:

Criteria to evaluate the effectiveness of tourism web sites need to be developed for the advancement of the tourism industry. The earliest attempts to measure the effectiveness of web sites in general were purely subjective individual preferences Restructuring within the Tourism Industry. The tourism industry has already reported dramatic changes in its structure over the last few years. The customers desire more frequent but shorter travel. Last minute reservations, global advice, service quality, market transparency and a certain self-service mentality are required. Modern travelers have begun to gather recreational "micro-services" on their own and form a customized holiday package.

Growth of Tourism Industry in India:

A growth of tourism industry in India is continuously growing in respect of number of foreign tourists arrivals and foreign exchange earnings. There are many historical states in India where foreign tourists visits most frequently. The art and culture of this diverse country has enhanced its features which attracts the tourist from all over the world. The Central Government and state government has announced various tourism policies time to time for the improvement of tourism in India. In order to provide all the basic information of India, providing the best suggestion for places to visit with best packages has initialized making of such websites.

Conclusion:

In conclusion, the travel and tourism industry is very important and fast growing industry in India helping

economically for the welfare of the country. Also tourism has a importance as it motivates the art of citizens in rural places. It helps people to bring closer to the Indian culture, history, mythology, its geographical diversity etc. Thus we have created a website which will help tourist from foreign countries as well as from India to explore each and every place our incredible India. Our website will give the explorers knowledge about the mythological and historic facts of places.

Chapter 3

Methodology

3.1 Technology Used

Mongo db : MongoDB is an open source NoSQL database management program. NoSQL is used as an alternative to traditional relational databases. NoSQL databases are quite useful for working with large sets of distributed data. MongoDB is a tool that can manage document-oriented information, store or retrieve information.

NodeJs : Node. js is a platform built on Chrome's JavaScript runtime for easily building fast and scalable network applications. Node. js uses an event-driven, non-blocking I/O model that makes it lightweight and efficient, perfect for data-intensive real-time applications that run across distributed devices.

Vs Code : Visual Studio Code, also commonly referred to as VS Code, is a source-code editor made by Microsoft for Windows, Linux and macOS. Features include support for debugging, syntax highlighting, intelligent code completion, snippets, code refactoring, and embedded Git.

3.2 Harder Used

The hardware requirements are as follows:

1. Processor: Intel i3 or higher
2. RAM: Minimum 4 GB RAM
3. Hard disk space: Minimum of 10 GB freely available.
4. Internet Connection: 1mbps or higher

3.3 Modules

Header Section

- A logo is been added in this section, along with a search bar.
- Also two icons have been added, where the first one helps the user login into the page and the second icon helps the user to explore the website.

Fig no.01 : Header Section

Home Section

- A corousal feature is added with five different videos.

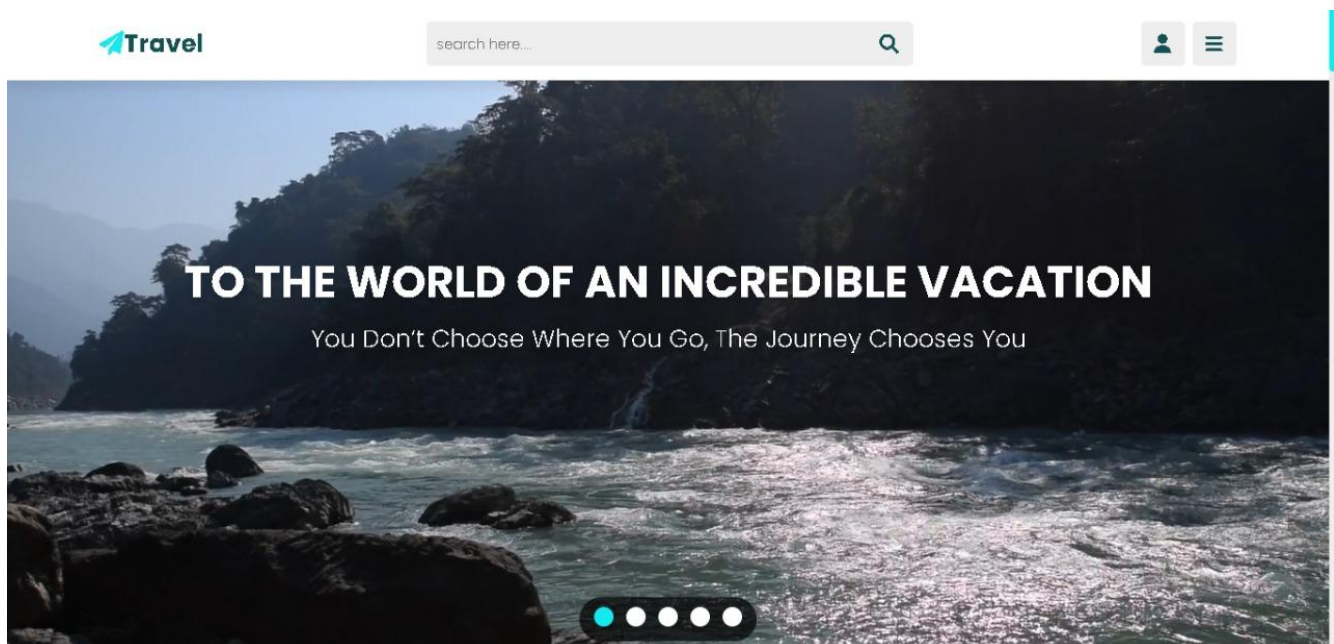

Fig no.02 : Home Section

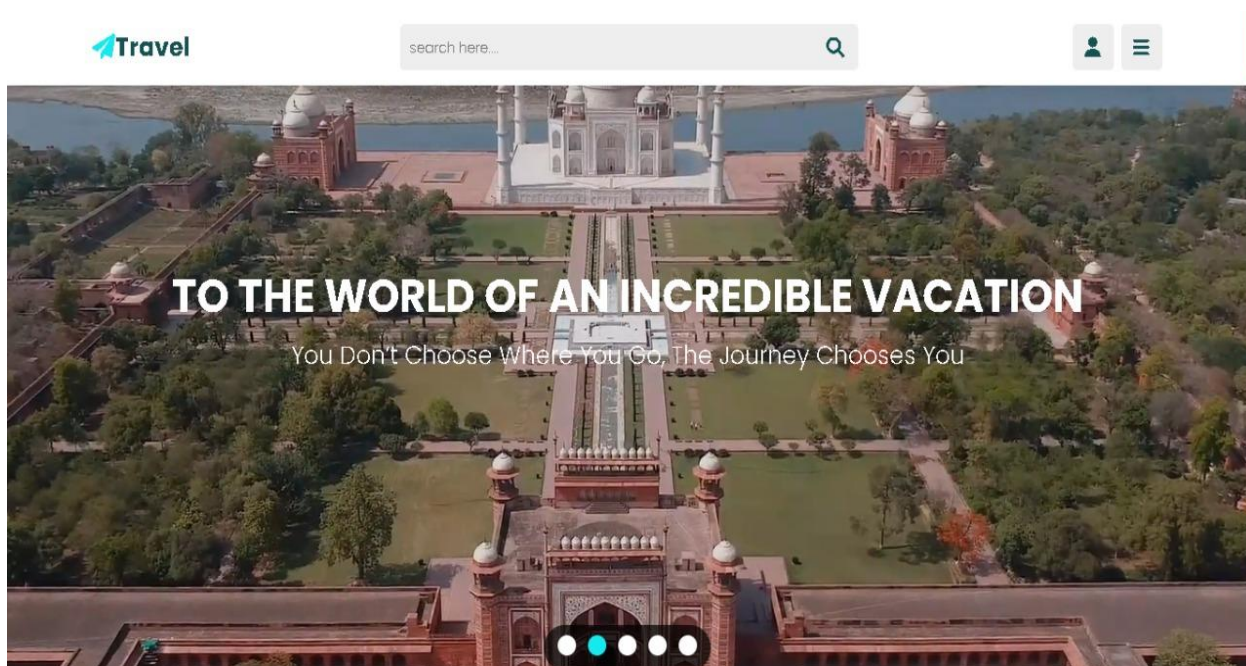

Fig no.03 : Home Section

Login Form

- Login form consists the basic format that is being usually used by all the other login forms.
- Which asks for the Username and Password from the user, and a check box is added to save the login details.
- Also a forgot password option and a register now option is also being added.

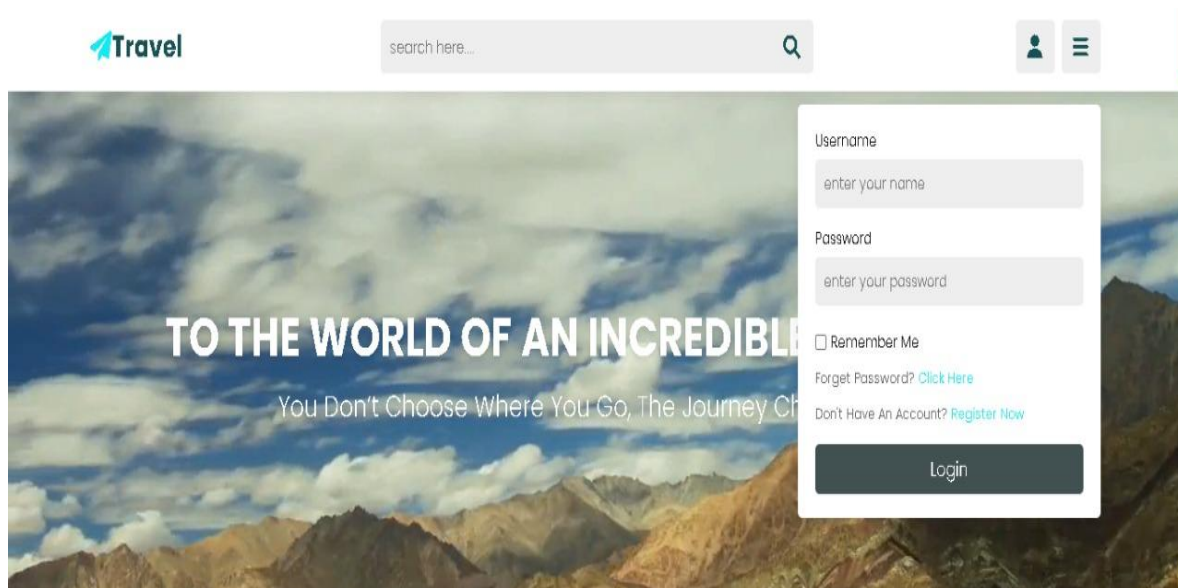

Fig no.04 : Login Form

Navbar Section

- In this section there are various sections included through which the user can explore the website.
- This Navbar includes options such as Home, Packages, Services, Gallery, Reviews, Contact Us, Blogs.
- When the user clicks on any of these sections its particular pages will be opened.

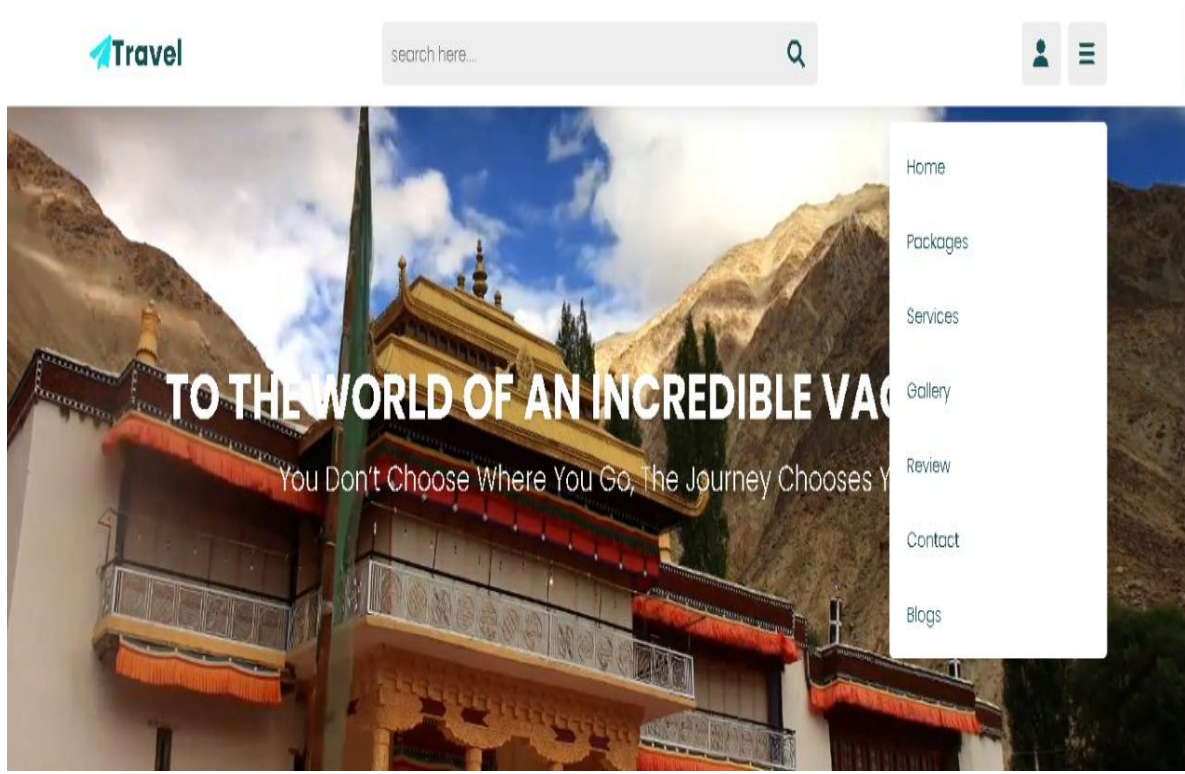

Fig no.05 : Navbar Section

Packages Section

- Three different plans have been designed for users, through which he/she can select anyone from there.
- Depending on their selection another page will be shown, which will provide more information about the particular plan.

Our Packages

Amritsar is The Largest And Most Important City In Punjab And Is A Major Commercial, Cultural, And Transportation Centre. It Is Also The Centre Of Sikhism And The Site Of The Sikhs' Principal Place Of Worship—The Harmandir Sahib, Or Golden Temple.

[Book Now](#)

Varanasi is An Ancient City On The Banks Of The River Ganges In Uttar Pradesh, Northern India. It Is One Of The Most Sacred Sites In India Because It Is Believed To Have Been The Home Of Lord Shiva.

Fig no.06 : Packages Section

Gallery Section

- From our country 15 famous tourist spots have been added in our website.
- Also different blocks have been created for every tourist spot, and when the user hovers over the images the information related to that place will be shown up.

Gallery

Fig no.07 : Gallery Section

Agra Gallery

- We have added a separate gallery section for each tourist spot in our website.
- This specific spot gallery section consists of the best places to visit in that part of the country.
- Now here for example Agra- we have added the best tourist attraction places and the best food items in that place.
- The same is added for the remaining places in the website.

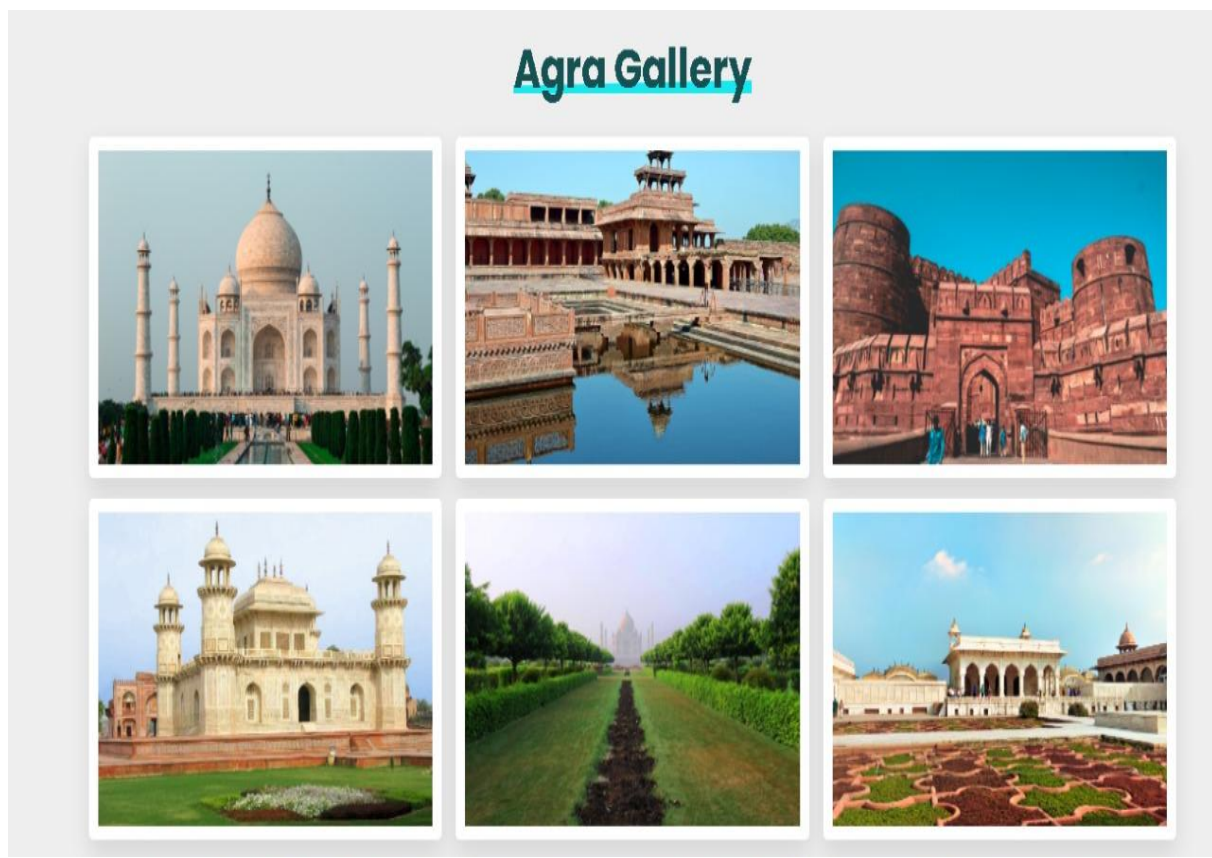

Fig no.08 : Agra Section

Review Section

- We have designed 7-8 reviews given by different people around the country.
- Who have used our website while booking their travel destination.

Client's Review

Yash Panchal

Just Want To Say That I Am Very Happy Using GetEscaping To Book My Holidays At Kolkata. I Have Recommended To 3 Other Couples And They Have Used GetEscaping As Well To Book Staying At Kolkata. I Will Be Using GetEscaping Soon This Month To Book My Holidays Again In December At Kolkata. Keep Up The Grate Work And You Will Be Hearing From Me Soon Cheers And Happy New Year!!!

(December 9th 2021)

Fig no.09 : Review Section

Contact Us

- In this contact us section, the user can contact us through this form provided in our website.
- This contact us form asks the user some information such as their name, e-mail, phone number, subject on which they would like to talk to us. And also a main message text box is provided to the user through which they can write to us.
- Adding this contact us form in our website, makes it user-friendly.

A screenshot of a 'Contact Us' form. The title 'Contact Us' is at the top in a bold, teal font. Below it are four input fields: 'Name', 'email', 'Phone-number', and 'Subject'. Below these is a large text area labeled 'Your message'. At the bottom is a dark grey button labeled 'Send Message'.

Fig no.10 : Contact Us Section

Blog Section

- Multiple blogs have been added for different places in the country with the feature where the user can hover the mouse over the particular blog.
- Some information related to the place will be popped up and when the user clicks on it the website will direct them to the gallery section page.

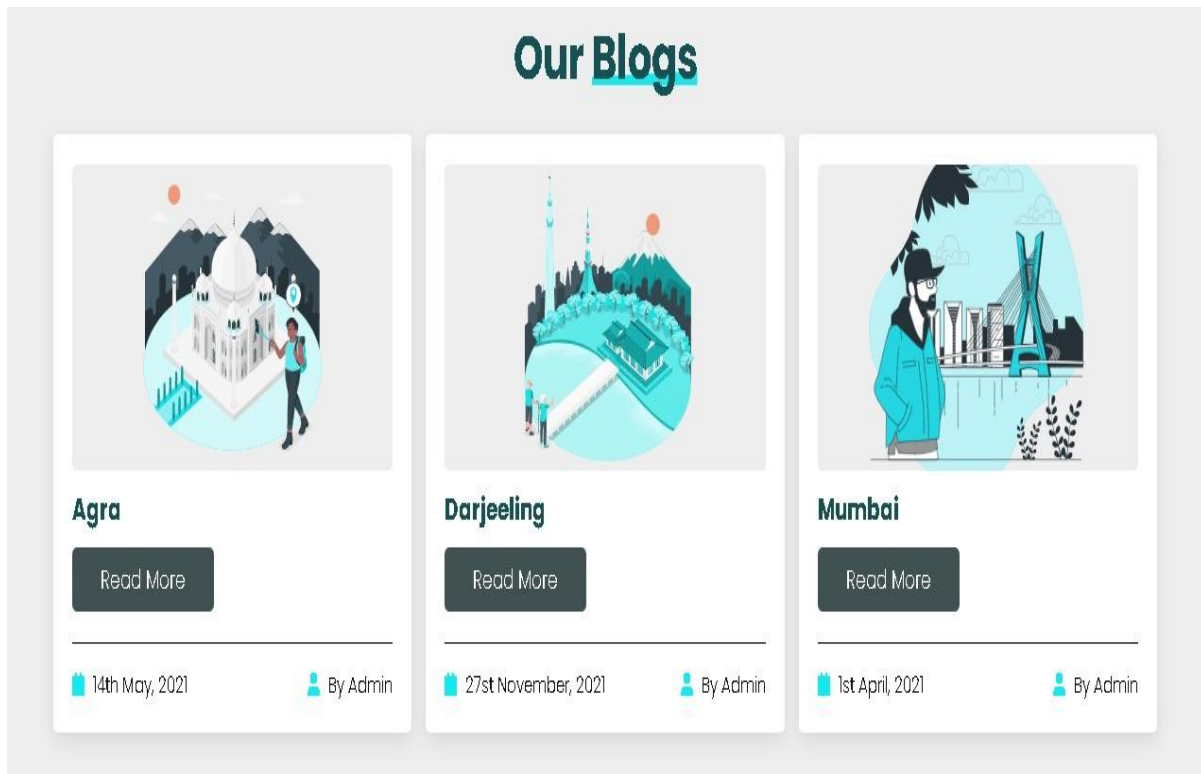

Fig no.11 : Blog Section

Footer Section

- By referring different websites footer section we have created a basic syntax which includes a small section of about us contact us through different social media applications.
- Basic moto of our website is being explained, followed by the quick links of every section in our website is also added.
- Which is followed by our office address and our contact number and also our email id to make the website more user friendly.

Chapter 4

Limitations

- No advanced search options have been added in our website.
- Proper map location is not specified.
- Multiple security procedures aren't added.

Chapter 5

Conclusion

As we know after the two long years of Covid people are trying to socialize and explore the beauty of nature, visiting different holy places, historical monuments and many other places. We did our research on what people needed from their vacation after the pandemic and took reviews from many vloggers about what people are expecting in their vacation plan, and according to that we've tried to give services to our users. We have also added the hotels and tourists places in our website where it's a safe zone for pandemic and have all verified hotels as it would be safe for our visitors. Thus we have created a website which will help tourist from foreign countries as well as from India to explore each and every place our incredible India. Our website will give the explorers knowledge about the mythological and historic facts of places. Also tourism has a importance in meeting the peace and calm in this hasty-busy world. It helps people to bring closer to the environment and helps them to know about the country's historic and geographic features. We have also added the hotels and tourists places in our website where it's a safe zone for pandemic and have all verified hotels as it would be safe for our visitors.
